

Luis Felipe Rivera García was appointed Vice President of Science, Technology, and Innovation in October 2023. He holds a degree in systems engineering from Universidad Industrial de Santander, a specialization in Management from Universidad ICESI, and is currently pursuing an MBA at Universidad Adolfo Ibáñez in Miami. Mr. Rivera has over 20 years of professional experience in multiple areas, including ICT structuring and management, processes, operations and information security, technological innovation, and digital transformation, as well as the implementation of support and mission-aligned support technology solutions, among others. Likewise, from 2018 to 2023 he served as Director of Information Technology for the Special Jurisdiction for Peace (JEP).
